Key Stage 1 and 2 Curriculum

A whole world to explore

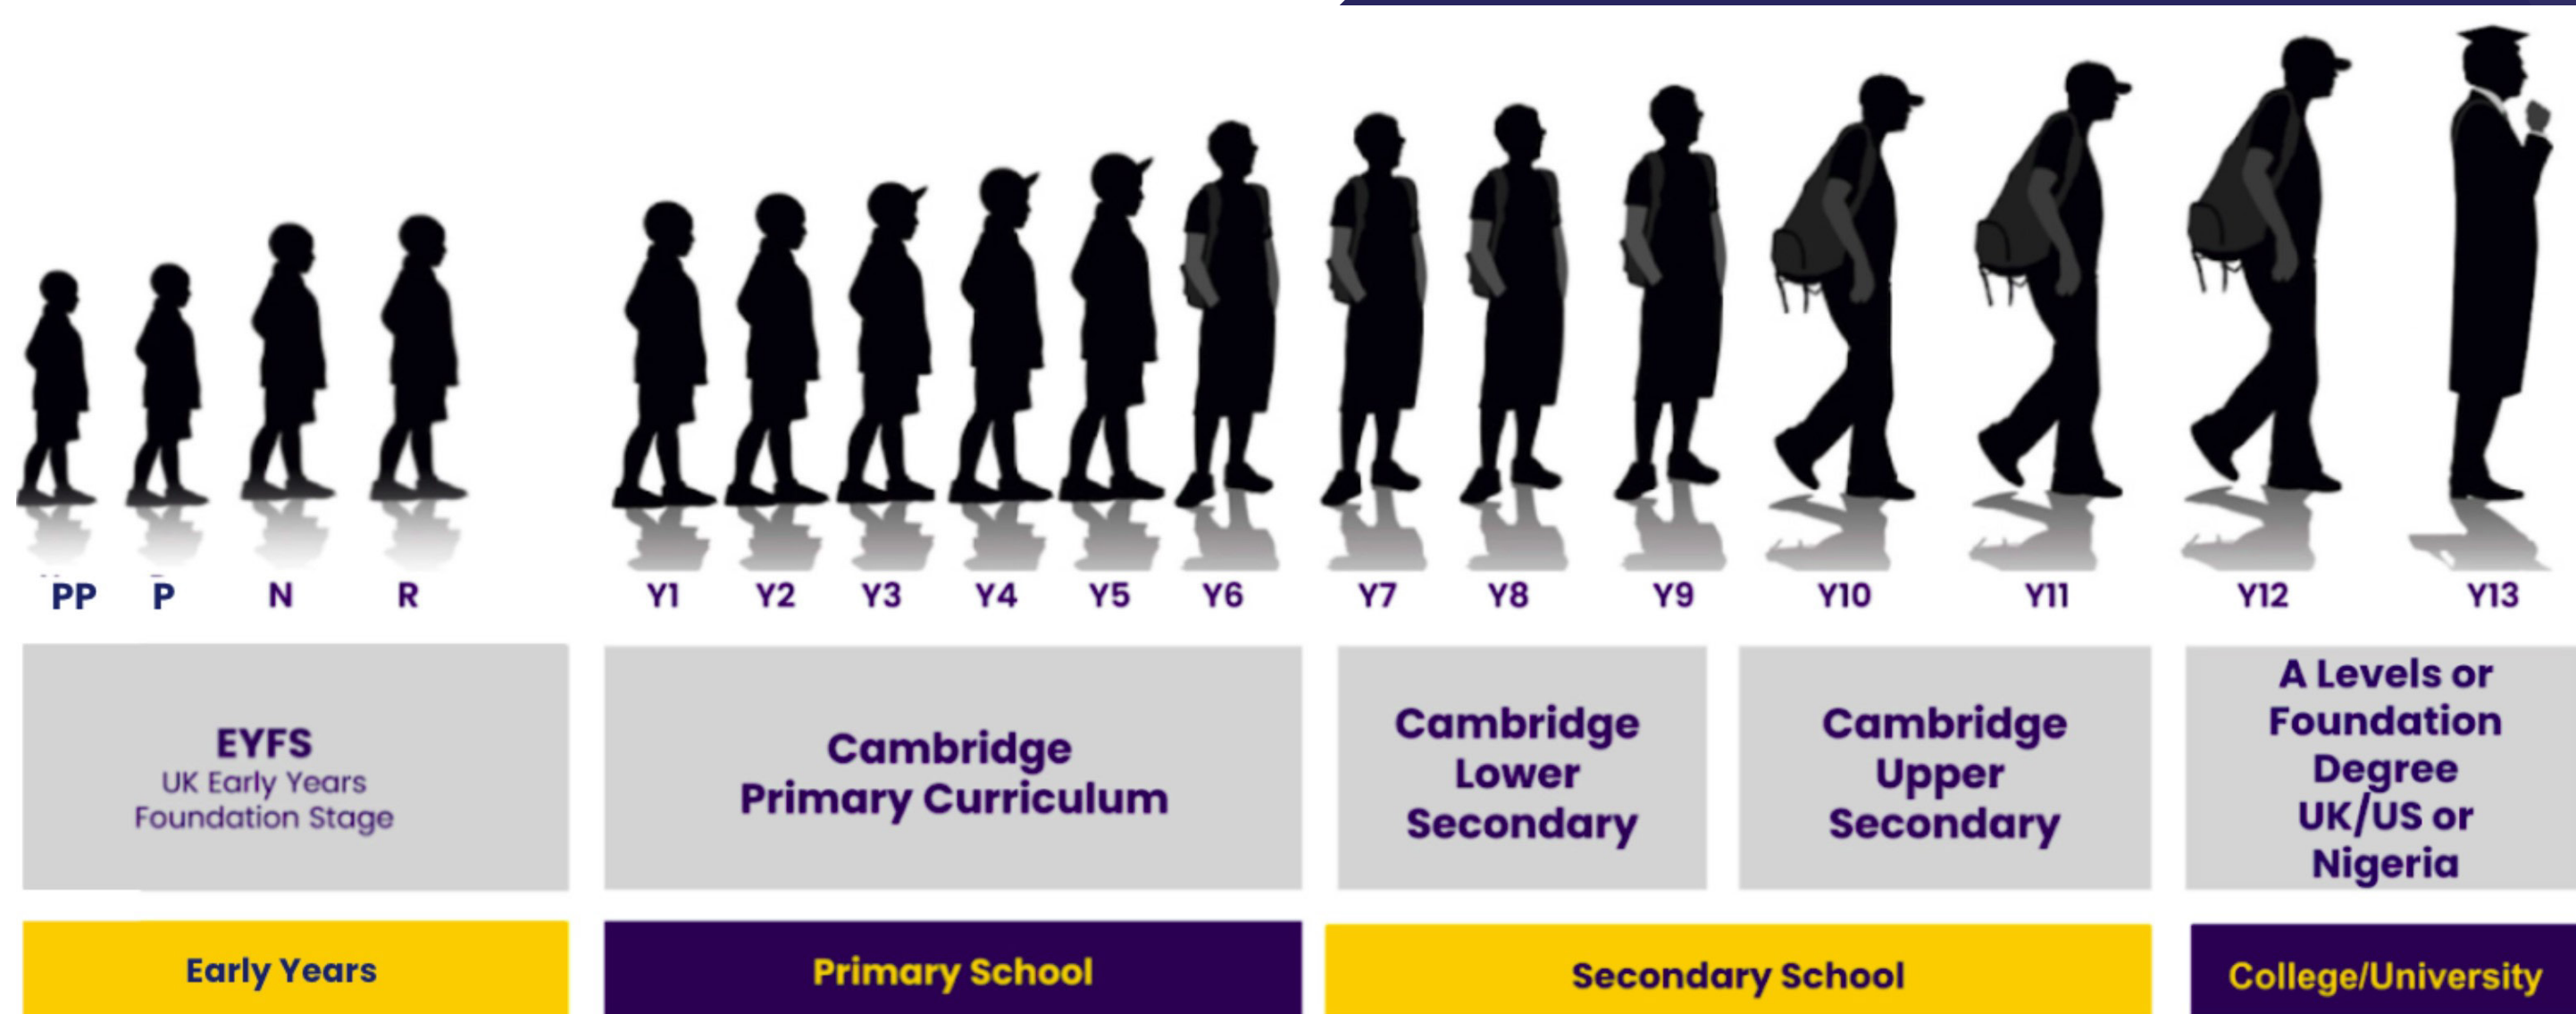

At Abuja World Academy our aim is to foster an exciting, caring and compassionate learning environment, in which all learners thrive. Our Primary curriculum supports every child to achieve their potential and make consistent progress. We focus on experiential, active learning, offering the highest standard of education in an aspirational educational environment. Every child at AWA is valued, supported and challenged as an individual and provided with an exceptional range of opportunities to explore and develop their strengths.

Why Choose Abuja World Academy Primary?

- Exceptional teaching from dedicated, enthusiastic, talented and inspiring staff; each Primary class has a qualified British curriculum-trained teacher and teaching assistant
- A creative connected curriculum that covers a wide range of subjects and experiences
- Specialist teachers for PE, Swimming, Music, French, Art, Computing, Coding and Robotics
- Outstanding facilities include two swimming pools, tennis courts, an adventure playground, a forest school area, music and Science labs, and well-stocked libraries
- Experiential, active learning so every lesson feels like an adventure
- A wide range of extracurricular activities
- Outstanding pastoral care and relationships with parents

Our Curriculum

At Abuja World Academy we follow the British Cambridge Primary Curriculum; a leading international education program designed for young learners aged 5 to 11 years. It is used in primary schools globally to provide a comprehensive and engaging educational experience. The curriculum is based on the values of the University of Cambridge and incorporates best global practices in education.

Why Choose the Cambridge Curriculum?

Cambridge Assessment International Education (CAIE)

Global Recognition: Cambridge qualifications are recognized and respected by universities and employers around the world.

Academic Rigour: The Cambridge curriculum is known for its depth and rigour.

International Curriculum: The Cambridge curriculum offers a broad and balanced approach, with subjects that have an international outlook.

Flexibility: One of the strengths of the Cambridge curriculum is its flexibility in subject choice and progression.

Structured Assessment: Cambridge assessments are designed to test not just knowledge, but also understanding and skills.

Cultural Relevance: While maintaining an international outlook, the Cambridge curriculum can be adapted to the Nigerian context.

Pathway to Further Education: Completing Cambridge examinations often gives students a smoother pathway into tertiary education, including acceptance into top universities worldwide.

Community and Collaboration: Being part of the Cambridge learning community also allows schools to collaborate and share best practices and resources, enhancing the educational environment and outcomes for students.

Our curriculum covers a range of subjects, which include:

- English
- Mathematics
- Science
- Computing
- Coding and Robotics
- P.E. (Physical Education)
- Art
- Music
- French
- Personal, Social and Health Education (PSHE)
- Global Perspectives (incorporating History and Geography)
- Nigerian Studies
- Forest School

Our Teaching Framework

Learning Objectives:

Each framework for subjects like English, Mathematics, and Science is designed to guide learners through a progressive learning journey. The curriculum outlines what students should know and be able to do at each stage of their primary education.

Inquiry-Based Learning:

The Cambridge Primary Curriculum encourages an inquiry-based approach to learning. This means that students are actively engaged in exploring and investigating topics, which helps develop critical thinking skills and intellectual engagement.

Assessment:

The curriculum employs internationally benchmarked assessments to measure student progress and achievement. There are two main types of assessments within the Cambridge Primary framework:

Our Teaching Framework

Assessment Table

Abuja World Academy	Key Stage	Curriculum	Assessment
Year 1	Key Stage 1	Cambridge Primary Curriculum	Teacher Assessment
Year 2	Key Stage 1	Cambridge Primary Curriculum	Teacher Assessment
Year 3	Key Stage 2	Cambridge Primary Curriculum	Cambridge Progression tests
Year 4	Key Stage 2	Cambridge Primary Curriculum	Cambridge Progression tests
Year 5	Key Stage 2	Cambridge Primary Curriculum	Cambridge Progression tests
Year 6	Key Stage 2	Cambridge Primary Curriculum	Cambridge Progression tests Cambridge Checkpoint Exam

Feedback:

Students who take the Cambridge Primary Checkpoint receive a statement of achievement and a diagnostic feedback report. This report offers insights into how a student has performed in relation to the curriculum, their learning group, the entire program, and against students worldwide who have taken the tests.

Our Teaching Framework

Wider Curriculum

In addition to the academic curriculum, we offer our students a wider learning experience. This includes involvement in the Nigerian United Nations, the Duke of Edinburgh award and trips abroad. At Abuja World Academy we have a strong focus on developing children's Environmental literacy. We have our own garden where children take part in Forest school activities. This includes gardening, den building, and campfire activities and we will soon have our own chickens.

Extra-curricular Activities

We run a wide range of after-school clubs to further enhance our education offer. These include clubs such as Taikwando, gymnastics, gardening, chess, Maths, Music, Ballet and much more. Please see our timetable for the activities on offer this term and information on how to register your child.

Pastoral Care

Pastoral care works best with the school and parents working together in partnership; at Abuja World Academy we strive to support those supporting our children and encourage regular communication and a programme of training courses for both staff and parents. We believe that through this partnership, we are able to help our children navigate the world around them, both now and in the future.
